I see Cassiopeia - in the morning sky
when the dreams arrive
I see Sagittarius - when the evening falls
and the lights are dark

You won't come home
when you try to hide away tonight
time won't rewind
inside your soul, you cry tonight

I see Cassiopeia - in the morning sky
when the dreams arrive
I see Sagittarius - when the evening falls
and the lights are fading

You can see Aquarius - when the time
has come to get on your way
you'll be there to hold me, when I've
lost my path and I find my dark

You won't come home
when you try to hide away tonight
time won't rewind
inside your soul, you cry tonight

Sumari Ispania
wena nefarie
dena dena nefarie
lona lona lona

*Sumari Ispania
wena nefarie
dena dena nefarie
lona lona lona
Sumari...*

You won't come home
when you try to hide away tonight...
